OBJECTIVE

As an experienced Full Stack Developer with over 3 years in web development and app development, I excel in both front-end and back-end technologies. Skilled in HTML, CSS, JavaScript, React.js, Node.js, Python, and more, I've built robust, user-friendly web applications as well as mobile applications. With a commitment to staying updated and a passion for problem-solving, I'm ready to bring value to innovative teams seeking top-tier development talent.

EDUCATION

Master of Computer Application, Savitribai Phule, Pune University   Expected 2025

Bachelor of Computer Application, Shivaji University, cgpa: 8.18   2020 - 2023

TECHNICAL SKILLS

Frontend Skills	React.Js, Next.Js, Html, CSS, Javascript, REST API's, Tailwind-CSS, SCSS
Backend Skills	Express.Js, GO, node.Js, Typescript, PHP, .NET Core, CHash, java, python
DataBase	SQL, Firebase, mongodb, Prisma, Redis, SQL-Lite
Tools	redux/redux-toolkit, git, Postman, figma,
Mobile Development	Android, React Native, Flutter
Soft Skills	Communication, Problem-solving, Attention to detail, Adaptability, Creativity, Teamwork
Dev-Ops	Docker, Github, CI/CD

PROJECTS

UrbanSTore. "Urban Store" is a sleek and user-friendly MERN-based online fashion store project, showcasing my expertise in full-stack web development. With MongoDB, Express.js, React.js, and Node.js, I've built a seamless platform featuring dynamic product listings, smooth navigation, secure user authentication, and intuitive checkout processes. (Try it here)

Social "Social" is a dynamic MERN-based social media platform demonstrating my full-stack web development skills. it offers users a seamless experience with features like dynamic feeds, real-time notifications, and secure messaging. This project showcases my proficiency in UI/UX design, real-time communication, and backend architecture, emphasizing my ability to deliver engaging and innovative web applications in the social networking domain.(Try it here)

STAGE - A platform for everyone. "Stage" is a cutting-edge website builder and team collaboration platform developed in Next.js. Leveraging Next.js, React.js, SQL(Prisma), it offers lightning-fast performance, seamless collaboration features, and robust functionality. "Stage" showcases my expertise in UI/UX design, real-time collaboration, and full-stack development, setting a new standard for design teams seeking efficient website building and collaborative design solutions.

EXTRA-CURRICULAR ACTIVITIES

- Regularly participating in hackathons to work on real-world projects under tight deadlines.

CERTIFICATIONS

- Certificate for the Completion of Java Training - IIT Bombay (12/2023 - 12/2023)
- Certificate for the Completion of Linux Training - IIT Bombay (12/2023 - 12/2023)
- Ui/Ux - Google (2/2024 - present)
- Software Design and Architecture Specialization - University of alberta (2/2024 - present)
